

MISSION

We offer integrated solutions in industrial valves, through the provision of maintenance, calibration, testing, certification and technical assistance services, as well as the sale of valves, parts, components and related accessories, guided by reliability and integrity, providing peace of mind and efficiency to our customers.

VISION

We aim to be recognized for excellence in integrated and customized solutions in industrial valves, standing out in the provision of maintenance, calibration, testing, certification and technical assistance services, as well as in the sale of valves, parts, components and related accessories, within our segment of operation.

VALUES

Our actions at SEEPIL are guided by ethical principles and values that permeate our entire workforce:

- **Ethics:** We act with integrity, transparency and honesty in all our interactions.
- **Respect:** We value diversity, promote an inclusive environment and treat everyone with respect.
- **Responsibility:** We are committed to social and environmental responsibility in all our operations.
- **Commitment:** We are dedicated to the success of our customers, employees and SEEPIL as a whole.
- **Competence:** We pursue constant improvement, investing in knowledge and skills.
- **Integrity:** We uphold our principles and ethical standards in every situation, building trust in each interaction.
